**Hollywood's Eve** Lili Anolik 2019-01-08 The quintessential biography of Eve Babitz (1943-2021), the brilliant chronicler of 1960s and 70s Hollywood hedonism and one of the most original American voices of her time. "I practically snorted this book, stayed up all night with it. Anolik decodes, ruptures, and ultimately intensifies Eve's singular irresistible glitz." –Jia Tolentino, The New Yorker "The Eve Babitz book I've been waiting for. What emerges isn't just a portrait of a writer, but also of Los Angeles: sprawling, melancholic, and glamorous." –Stephanie Danler, author of Sweetbitter Los Angeles in the 1960s and 70s was the pop culture capital of the world—a movie factory, a music factory, a dream factory. Eve Babitz was the ultimate factory girl, a pure product of LA. The goddaughter of Igor Stravinsky and a graduate of Hollywood High, Babitz, age twenty, posed for a photograph with French artist Marcel Duchamp in 1963. They were seated at a chess board, deep in a game. She was naked; he was not. The picture, cheesecake with a Dadaist twist, made her an instant icon of art and sex. She spent the rest of the decade on the Sunset Strip, rocking and rolling, and honing her notoriety. There were the album covers she designed: for Buffalo Springfield and the Byrds, to name but a few. There were the men she seduced: Jim Morrison, Ed Ruscha, Harrison Ford, to name but a very few. Then, at nearly thirty, her It girl days numbered, Babitz was discovered—as a writer—by Joan Didion. She would go on to produce seven books, usually billed as novels or short story collections, always autobiographies and confessionals. Her prose achieved that American ideal: art that stayed loose, maintained its cool; art so sheerly enjoyable as to be mistaken for simple entertainment. Yet somehow the world wasn't paying attention. Babitz languished. It was almost twenty years after her last book was published, and only a few years before her death in 2021 that Babitz became a literary star, recognized as not just an essential L.A. writer, but the essential. This late-blooming vogue bloomed, in large part, because of a magazine profile by Lili Anolik, who, in 2010, began obsessively pursuing Babitz, a recluse since burning herself up in a fire in the 90s. Anolik's elegant and provocative book is equal parts biography and detective story. It is also on dangerously intimate terms with its subject: artist, writer, muse, and one-woman zeitgeist, Eve Babitz. "A dazzling, gossip-filled biography of the wayward genius who knew everyone in Seventies LA." –The Telegraph (UK)

**Major Labels** Kelefa Sanneh 2021-10-05 One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year "One of the best books of its kind in decades." –The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In Major Labels, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full. **Never Be Alone Again** Lina Abascal 2021-11-23 NEVER BE ALONE AGAIN: How Bloghouse United the Internet and the Dancefloor is the first book dedicated to the music and Internet culture in the early 2000s known as bloghouse. **Arty Parties** Julia Sherman 2021-10-26 In her follow-up cookbook to *Salad for President*, cook, writer, and artist Julia Sherman shows us how to apply an artist's touch to our own home gatherings. Artists throw superior parties, and we can learn from their willingness to draw outside the lines, choose character over perfection, and find boundless joy in feeding family and friends. Cook, live, and host like an artist with inspired, easy recipes and playful hands-on experiments in the kitchen. Sherman shows you how to be the architect of your own uniquely memorable bash, whether that means a special breakfast for two, or a "choose your own adventure" meal that's flexible enough to feed a crowd. Forget the codified markers of good taste—Arty Parties instead reveals that modern gatherings are less about "getting it right" and more about getting your hands dirty, building community, and taking risks in the kitchen and beyond. Featuring colorful food that is confident in its simplicity, Sherman shares easy-to-follow, healthy recipes that value imaginative flavor combinations over complexity: dishes like an avocado-lemongrass panna cotta, saffron tomato soup, coconut rice cakes with smashed avocado and soy-marinated eggs, and roasted broccolini and blood oranges with a creamy pepita sauce. This book also invites readers into the idiosyncratic gatherings of internationally acclaimed artists, from a chic office party in a Parisian art book publisher's atelier to an underground earth oven pizza party on a secluded hillside in Los Angeles. Woven throughout are Sherman's own homegrown events that are relatable yet wonderfully experimental in tone. Utterly unique and beautifully designed, Arty Parties is a guide to creating meaningful experiences that nourish both the host and their guests in body, mind, and soul.

**From Palestine to America** Taher Dajani 2008 Taher Dajani remembers playing soccer with his neighborhood friends in his idyllic city of Jaffa, Palestine. But on April 24, 1948, when Taher was fourteen, his carefree lifestyle came to an abrupt end. His family, with little money and few possessions, escaped the city by sea in a crowded fishing trawler as Zionist militia encircled Jaffa. Taher's father believed the family was in danger, so overnight they became refugees. The family took refuge in Syria and later in Libya, which enabled them to rebuild their lives. They experienced grief at leaving a place they loved and felt a great sense of loss and displacement, but with perseverance the Dajanis began anew. From Palestine to America describes the family's experiences and their determination. Taher Dajani writes this memoir about his new life after leaving his beloved Jaffa—from his days as a college student in Chicago to his work with the central bank in Libya—and his position with the International Monetary Fund in Washington DC. Even though it has been sixty years since the Dajani family were forced to flee Palestine, they remember their heritage and roots, and Jaffa, Palestine, will forever be in their hearts.

**Kean University** Erin Alghandoor 2017-05-08 Kean University, New Jersey's third largest institution of higher education, has a fascinating history dating back to its 1855 founding in Newark. Initially a normal school used for training the city's teachers, it has evolved into a university that offers outstanding undergraduate and graduate programs in many fields, including medical and allied health, management, speech, fine arts, liberal arts, architecture, and psychology. Teacher education programs at Kean result in the university graduating the highest number of teachers in the state. Kean also offers doctoral degrees in several areas, including educational leadership (EdD), school and clinical psychology (PsyD), physical therapy (PhD), and nursing (PhD). This photographic history features striking images from the university's archives, which span from the late 19th century to the present. **Tacky** Rax King 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the *Catapult* column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. **A Non-Random Walk Down Wall Street** Andrew W. Lo 2011-11-14 For over half a century, financial experts have regarded the movements of markets as a random walk--unpredictable meanderings akin to a drunkard's unsteady gait--and this hypothesis has become a cornerstone of modern financial economics and many investment strategies. Here Andrew W. Lo and A. Craig MacKinlay put the Random Walk Hypothesis to the test. In this volume, which elegantly integrates their most important articles, Lo and MacKinlay find that markets are not completely random after all, and that predictable components do exist in recent stock and bond returns. Their book provides a state-of-the-art account of the techniques for detecting predictabilities and evaluating their statistical and economic significance, and offers a tantalizing glimpse into the financial technologies of the future. The articles track the exciting course of Lo and MacKinlay's research on the predictability of stock prices from their early work on rejecting random walks in short-horizon returns to their analysis of long-term memory in stock market prices. A particular highlight is their now-famous inquiry into the pitfalls of "data-snooping biases" that have arisen from the widespread use of the same historical databases for discovering anomalies and developing seemingly profitable investment strategies. This book invites scholars to reconsider the Random Walk Hypothesis, and, by carefully documenting the presence of predictable components in the stock market, also directs investment professionals toward superior long-term investment returns through disciplined active investment management.

**This Is All I Got** Lauren Sandler 2020-04-28 A NEW YORK TIMES NOTABLE BOOK • From an award-winning journalist, a poignant and gripping immersion in the life of a young, homeless single mother amid her quest to find stability and shelter in the richest city in America LONGLISTED FOR THE PEN/JEAN STEIN BOOK AWARD • "Riveting . . . a remarkable feat of reporting."—The New York Times Camila is twenty-two years old and a new mother. She has no family to rely on, no partner, and no home. Despite her intelligence and determination, the odds are firmly stacked against her. In this extraordinary work of literary reportage, Lauren Sandler chronicles a year in Camila's life—from the birth of her son to his first birthday—as she navigates the labyrinth of poverty and homelessness in New York City. In her attempts to secure a safe place to raise her son and find a measure of freedom in her life, Camila copes with dashed dreams, failed relationships, the desolation of abandonment, and miles of red tape with grit, humor, and uncanny resilience. Every day, more than forty-five million Americans attempt to survive below the poverty line. Every night, nearly sixty thousand people sleep in New York City-run shelters, 40 percent of them children. In *This Is All I Got*, Sandler brings this deeply personal issue to life, vividly depicting one woman's hope and despair and her steadfast determination to change her life despite the myriad setbacks she encounters. *This Is All I Got* is a rare feat of reporting and a dramatic story of survival. Sandler's candid and revealing account also exposes the murky boundaries between a journalist and her subject when it becomes impossible to remain a dispassionate observer. She has written a powerful and unforgettable indictment of a system that is often indifferent to the needs of those it serves, and that sometimes seems designed to fail. Praise for *This Is All I Got* "A rich, sociologically valuable work that's more gripping, and more devastating, than fiction."—Booklist "Vivid, heartbreaking. . . . Readers will be moved by this harrowing and impassioned call for change."—Publishers Weekly "A closely observed chronicle . . . Sandler displays her journalistic talent by unerringly presenting this dire situation. . . . An impressive blend of dispassionate reporting, pungent condemnation of public welfare, and gritty humanity." —Kirkus Reviews

**Fuccboi** Sean Thor Conroe 2022-01-25 'Got under my skin in the way the best writing can' SHEILA HETI A fearless and savagely funny examination of masculinity under late capitalism, from an electrifying new voice Set in Philly one year into Trump's presidency, Sean Thor Conroe's audacious, freewheeling debut follows our eponymous fuccboi, Sean, as he attempts to live meaningfully in a world that doesn't seem to need him. Reconciling past, failed selves -- cross-country walker, SoundCloud rapper, weed farmer -- he now finds himself back in his college city, trying to write, doing stimulant-fueled bike deliveries to eat. Unable to accept that his ex has dropped him, yet still engaged in all the same fuckery -- being coy and spineless, dodging decisions, maintaining a rotation of baes -- that led to her leaving in the first place. But now Sean has begun to wonder, how sustainable is this mode? How much fuckery is too much fuckery? Written in a riotous, utterly original idiom, and slyly undercutting both the hypocrisy of our era and that of Sean himself, Fuccboi is an unvarnished, playful, and searching examination of what it means to be a man. **The Non-Geometric Lenin** Carter Elwood 2011-04-01 This book is a collection of eleven essays dealing with important but little-studied episodes in Lenin's attempt to build a Bolshevik Party before 1914. It also deals with his defence of Roman Malinovsky, who turned out to be a police spy, and his romantic involvement with a fellow Bolshevik, Inessa Armand. The last three essays paint a picture of a 'non-geometric' Lenin and his little-known interests in food, holidaying and sports.
